

We at CulturED Travel ***strongly*** recommend all of our tour participants purchase their own trip insurance. With travel as with life, there are always possibilities things may not go as planned. We are aware that life is full of surprises and not all are pleasant; that considered, participants may find themselves in situations where they are unable to go on a trip which they have paid for and now cannot receive a refund, may incur lost luggage, may have a delayed or canceled flight, or may face an illness or medical situation while on tour. Medical insurance is expected to be in place for all participants which will be applicable in the region where the tour is taking place. It is the responsibility of our participants to ensure they have the coverage they feel safe and comfortable with in place for themselves. Many companies offer plans at costs which we believe is fair for the peace of mind they provide in terms of the financial risks which could be taken by a participant if such a policy is not purchased.

While we do not endorse any company, we are providing a few resources to research and allow our participants to choose a policy they feel best suits their needs. We have no responsibility or association with any insurance company nor will we incur any liability for issues which occur and could have been minimized or assisted by the purchase of insurance which participants opted not to do.

After you book your trip, there will be an option to purchase trip insurance through Travelex Insurance. You can click on the button that says “Get Travel Insurance” which will appear upon completion of booking or within the content of your emailed receipt and dashboard details.
